

December 9, 2020

To Residents, Families and Friends of Marion Manor,

The Ohio Department of Health (ODH) and Centers of Medicare and Medicaid Services (CMS) have reported increased trending of Coronavirus (Covid-19) positive findings. Here at Marion Manor, the Coronavirus has been diagnosed. ODH and CMS have been notified. The staff has implemented the prescribed practices in response to this clinical condition, including Covid-19 testing. To protect privacy, no names or numbers will be released to the public.

According, the suspension of inside visitation will continue with the exception of compassionate care visits for patients with a hospice diagnosis.

Your understanding and support of these practices is important to move through the Coronavirus public health emergency.

Sincerely,

William B. Levering

William B. Levering  
President
